

Dear Sirs;

The Radio station KLOVE (90.3, 91.9, 91.5 in my area) is extremely important to me. It serves our community as the only station that is positive and uplifting and enjoyable to listen to. It would be disastrous to our community not to have this radio station. It reaches many people who have no other religious affiliation to help them through their day. To be replaced by LFPM is in my mind horrible. I believe that KLOVE helps serve the public interest by offering unaffiliated, not partisan, strongly motivating, uplifting and encouraging radio. It is an avenue of reaching those who may have no other way to be reached. Please do not displace this radio station. For my sake as well as the entire community.

Thank you for your Time;  
Siouxanne Mease
